

**Faculty Position at All Levels (Business Analytics and FinTech):  
Shenzhen Audencia Business School, Shenzhen University**

**Descriptions:**

The Shenzhen Audencia Business School (SABS) at Shenzhen University invites applications for tenure-track positions in the areas of Business Analytics and FinTech, at all levels (assistant, associate, or full professor) starting in the fall of 2019. Candidates are expected to teach at both undergraduate and graduate levels in any of the following areas:

- Data Analytics and Visualization
- Data Mining, Text Mining, and Machine Learning
- Blockchain
- Computational Methods and Statistics

SABS, jointly established by Audencia Business School in France and Shenzhen University in China, is a highly international, creative and research-focused business school, offering comprehensive programs to serve the demand of China's top elites.

**Qualifications:**

Candidates should have or are expected to complete a Ph.D. in Information Systems or other related fields by September 2019. Candidates seeking tenured or senior fixed contract positions should demonstrate a capacity to publish world-class research in top journals and a record of teaching excellence.

**Welfare & Salary:**

Salary and benefits will be internationally competitive, commensurate with experience and academic accomplishments.

**Application Procedures:**

Please email your application (cover letter, curriculum vitae, three reference letters, a sample of recently published/working papers, and recent teaching evaluations) to [sabs.hr@szu.edu.cn](mailto:sabs.hr@szu.edu.cn) by June 30, 2019.
